Venue   : Auxilium College

Report: Our department students displayed notice board in the theme of "Life is a Challenge" notice board on change the way we communicate with each other. Like that students displayed their creative thinking though this notice board. It shows that how our life is call to live this wont shows the creativity of the students.

CHARITY VISIT

Title	: Charity Visit
Category	: Christmas Charity Visit
Date	: 12.12.2016
No. of participants	: 241
Organizers	: Computer Science
Topic	: Christmas Sharing
Venue	**: Vidivelli Special School, Trichy.**

Report: "Express your sincerest gratitude to the ones you love"
Like this Christmas is the season of spreading Love and Joy and the season of forgiving. Jesus Christ was born to save all human beings from going hell and that is why this day is highly regarded.

Our department students and staff went to "Vidivelli Special School" at Trichy. More than 50 special children's were studying. Our department students offered cakes, fans and clothes then finally show their talents through cultural programmes. Differently able children's also shared their Joy with our students through dance and signing got some prizes too.

We shared our Joy with these children's through Christmas charity. We learned how to share that whatever we have in our hand.
