Report

The Department of Computer Science of Bon Secours College invited us for an International Technical Symposium RENOVA'20 on 13th Participants were from students of Arts and Science and Engineering colleges. Totally 23 Students of our college from the CS and BCA Department, accompanied by two staff Ms.Jeyapriya and Mrs. S.Padmavathi took part in many competitions.

Sr. Thabitha Florence III- B.Sc computer science won first prize in Quiz and a group of six students of the department won third prize in Ad zap competition. This paved an opportunity for students to enrich their knowledge of various events.

VILLAGE ADOPTION AND DEVELOPMENT PROGRAMME

Title   : **Village Adoption**

Date   : **06.12.2019**

Organizers   : **Department of Computer Science**

Venue   : **Ayipatti**

**No. of Participation**   : **83**

Report

The student of the final UG & PG from our department went to Ayipatti for the second time gives their support and help. This time there were 28 students and four staff members' **miss.A.Daisyrani, miss.R.Kavibharathi, miss.R.Allirani, and miss.J.Jeraphin** accompanied them.

Initially, we began our contribution by cleaning the school campus, Tiresome and tough task, because the surrounding was dirty and hard to clean. Yet the students put a lot of effort to clean those areas and they performed the task wonderfully.

Our students burning the waste and cleaning the surroundings. Especially near the food-making area, this consisted of thorny bush and dangerous insects, yet our students willingly cleaned of these places.

They visited the house and instructed the villagers to keep the places clean. Along with that, our students splashed the bleaching powder in the area to be cleaned. And our students spoke to some of the people about cleanliness.

CHARITY VISIT I

**Title**   : **Department Activity**

Date   : **14.12.2019**

Organizers   : **Department of Computer Science**

Venue   : **Selvamalar Home, Thanjavur**

No. of Participation   : **49**

Report:

It was our joy to visit the Selvamalar home where the specially challenged people reside. God has created human being with different purpose, thus those children were created by god for some purpose we want to tell the good news of Christ birth to those people and share with them our abilities. Around 40 students accompanied by 9 staff member went at 9.30 to Thanjavur.

We shared our joy of celebration through a skit, song and dance. We provided provision for their material use and gave them the spiritual joy of Christmas.

CHARITY VISIT II

Title	: Department Activity
Date	: 17.12.2019
Organizers	: Department of Computer Science
Venue	: Selvamalar Home, Thanjavur
No. of Participation	: 49

Report:

With joy and gratitude to god for the gift of parents and family we made our visits to joy home where the aged people live. Our primary aim is sharing time and giving words of love to those people.

Our department CS and BCA around 45 students with 3 staff members went on Tuesday 17th at 10.30 am from the college. We spent quality time with them in love. We gave Christmas programmes and messages through dance, song, and skit. We provided bed sheets, pillow covers, and bedspreads for their needs. Finally, we went around the home and visited each room of the people with students, they shared their feelings and experience with our students. That was very good learning for the students and staff members.
