FACULTY DEVELOPMENT PROGRAM ON CYBER SECURITY– 2023

Activity Name	**Development Program On Cyber Security**
Date of Activity	10.1.2023 and 11.1.2023
Mode of Conduct	Offline
Time	Three Days
Participants (offline)	Faculty: Dr.S.Padmavathi
Description	Three days Faculty development program on 'cyber security' was conducted at Bharathidasan University Technology Park (BUTP) Kajamalai campus trichy, from 6th to 8th February 2023. The program was sponsored by NAAN MUDHALVAN Scheme. 150 Faculty members participated from various colleges. Dr.S.Padmavathi of the Computer Science Department participated and benefited from this FDP. The keynote address for the FDP was given by Prof.Muthuramalingam, faculty of computer science at BDU. He emphasized the Naan Muthalvan Scheme in the focus on student learning rather than mere teaching by faculty. Learning outcomes need to be defined for every course conducted by the university right at the outset so that they serve as a template for further downstream processes of curriculum design and drafting of teaching plans by faculty. He also highlighted the role of integrative learning where in technical knowledge on various aspects of cyber security. Dr. Srinivasan, Manager of IZAPY SOLUTIONS, Singapore emphasized the skill sets which need to be imparted to a degree holder so that at the end of his /her degree program he/she is in a position to work in an organization comfortably. He indicated the goals and objectives of cyber security and the hybrid training model, leadership, and experts in cyber security. He also talked about hacking, data analytics, placement, and comparison of old models and new models in cyber security. The program included talks on new training approaches in cyber security and mesh architecture, cyber security courses, what are the technologies available in cyber security.
