

ACTIVITY I

- Title** : **ONE DAY SEMINAR**
- Date** : 18 Oct 2017
- No. of Resource Person** : 1
- No. of Participants** : 80
- Organizers** : Department of Physics
- Topic** : Thin film And Techniques
- Resource Person** : **Dr.K.Ravichandran**
Assistant Professor,
Department of Physics,
AVVM Sri Pushpam College,
Poondi, Thanjavur.
- Venue** : Media Hall
- Objective** : To expand students understanding in the field
of Thin film and Techniques.

Report :

The Department of Physics organized One Day seminar on “**THIN FILM AND TECHNIQUES**” on 18 Oct 2017 with the support of the management **Auxilium College Of Arts And Science For Women, Regunathapuram.**

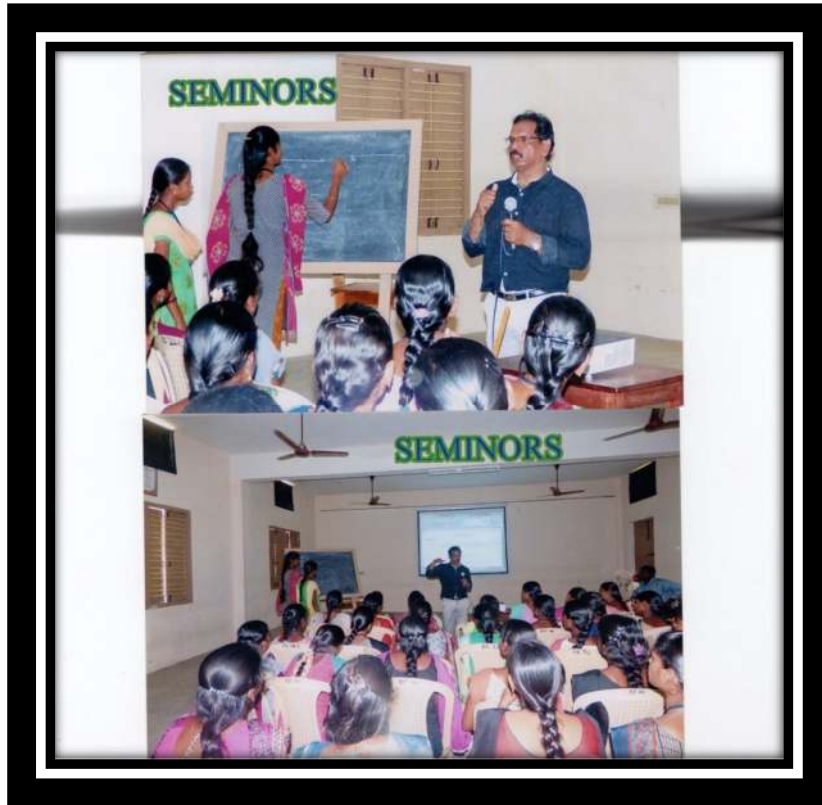

The speaker for the event was **Dr.K.Ravichandran**
M.Sc.,M.Phil.,M.Ed.,PGDCA.,PGDBA.,Ph.D.Assistant Professor in Physics, **AVVM Sri Pushpam College, Poondi.**

The motto behind this seminar was to let the students know broadly about thin films and their techniques.

The program was inaugurated by our **Rev.Sr.Dr.P. SELVARANI** and she addressed about the purpose of “**Thin films and Techniques**”. The welcome address was delivered by **Mrs. M.Rajamani**, HOD of Physics.

There were above 60 students from our department participated in that program. Then the session was handover to the Chief Guest. According to sir, The systematic investigation into the study of Thin films and Techniques and their sources in order to establish facts and reach the conclusions.

At the end of the session the chief guest interacted with the students and clarify their doubts, Finally the Seminar was concluded with the vote of thanks given by **Mrs. M.Sangeetha**.

ACTIVITY II

- Title** : **ONE DAY SEMINAR**
- Date** : 22 Feb 2018
- No. of Resource Person** : 1
- No. of Participants** : 90
- Organizers** : Department of Physics
- Topic** : Renewable energy sources and thin film
- Resource Person** : **Dr.L.Chinnappa**
Assistant Professor,
Department of Physics,
Prist University,
Tanjore.
- Venue** : Media Hall
- Objective** : To expand students knowledge of Renewable Energy Sources and Thin Film Field.

Report :

The Department of Physics organized One Day seminar on “**Renewable energy sources and thin film**” on 22nd Feb 2018 with the support of the management **Auxilium College Of Arts And Science For Women, Regunathapuram.**

The speaker for the event was **Dr. L.Chinnappa** M.Sc., M. Phil., Ph.D. Assistant Professor in Physics, Prist University ,Thanjavur.

The motto behind this seminar was to let the students know broadly about Renewable energy sources and thin film.

The program was inaugurated by our **Rev.Sr.Dr.P. SELVARANI** and she addressed about the purpose of “**Renewable Energy Sources**”. The welcome address was delivered by **Mrs. M.Sangeetha**, Assistant Professor, Department of Physics.

There were above 90 students from our department participated in that program. Then the session was handover to the Chief Guest. Then our department students were presented a paper in the following topics.

- ❖ Spectroscopy
- ❖ Fiber optics
- ❖ Thin films
- ❖ Crystal growth
- ❖ Thin film application

At the end of the session the chief guest interacted with the students and clarify their doubts. Finally the Seminar was concluded with the vote of thanks given by **Ms. J.Steffi flora**.
