Everyday Life.

Report :

The Department of Physics organized One Day seminar on “**Physics in Every Day Life**” on 14 March 2019 in **Auxilium College of Arts And Science For Women, Regunathapuram.**

The speaker for the event was **Dr.P. Jaikumar**, Assistant Professor in Physics, National College,Trichy.

The motto behind this seminar was to let the students know broadly about Physics in Every Day Life.

The program was inaugurated by our **Rev.Sr.Dr.P. SELVARANI** and she addressed about the purpose of **“Physics in Every Day Life”**. The welcome address was delivered by **Mrs. M.Sangeetha**, Assistant Professor, Department of Physics.

There were above 100 students from our department participated in that program. Then the session was handover to the Chief Guest. Then our department students were presented a paper in the following topics.

- ❖ **Semiconductor Physics**
- ❖ **Laser**
- ❖ **Nano Technology**

At the end of the session the chief guest interacted with the students and clarify their doubts, Finally the Seminar was concluded with the vote of thanks given by **Ms.J. Steffi flora**.
