NATIONAL SEMINAR – 2023

Activity Name	National Seminar
Date of Activity	27.02.2023
Mode of Conduct	Offline
Time	10am to 2pm
Participants	Students: 88 Faculty: 04
Description	"A National Seminar on Quantum Dots on Sensitised Photoanode" was conducted by the coordinator, Mrs.P.Punitha Assistant Professor, and faculty members of the Department of Physics, on February 27, 2023. Prof. Dr. V. Ilangovan, Asst. Prof. & Head, Department of Physics, Kanchi Mamunivar Govt Institute of Postgraduate Studies and Research, Puducherry, graced the function as a chief guest, and he presented a paper on the above topic. Our College Principal, Sr.Dr.M.Sebasti Jeya Pushpam, Inaugurated the function and addressed the importance of physics in daily life. Students presented a paper related to Nanotechnology, and they were also honored with prizes and certificates. Through this seminar, students gained knowledge about nanoparticles, their working features, and the applications of quantum dots.
