ANNUAL GENERAL BODY MEETING

ActivityName	Annual General Body Meeting (Exnora Club)
DateofActivity	18.07.2024
ModeofConduct	Offline
Time	2.00 pm – 4.30 pm
Participants	Students: 2 Faculty: 1
	The Annual General Body Meeting of the Thanjavur Region Exnora was conducted on 18th July 2024 at Bharath College of Science and Management, Thanjavur. The event brought together Exnora representatives from various educational institutions with the aim of reviewing past initiatives, fostering collaboration, and planning impactful environmental activities for the upcoming academic year. Representing ourcollege, Ms. S. Chitradevi, Assistant Coordinator of Exnora, Department of Physics, attended the meeting along with two enthusiastic student leaders from the college's Exnora chapter. Their participation reflected the institution's commitment to promoting environmental awareness and civic responsibility among students. The meeting was presided over by Mr. P. Mohan, Founder of Youth Exnora International, who delivered an inspiring keynote address. He offered a comprehensive overview of the Exnora movement, its mission to engage youth in environmental stewardship, and its achievements across various regions. He emphasized the crucial role of students as change-makers and detailed the strategic action plan for the year, which includes campaigns on waste management, tree plantation drives, water conservation, and awareness programs on sustainability. The session concluded with an interactive discussion where participants shared their past experiences and ideas for new initiatives. The gathering not only strengthened the network of young environmental leaders but also renewed their commitment to creating greener, cleaner communities. The active involvement of Auxilium College representatives was highly appreciated, and they returned with renewed enthusiasm to implement the Exnora vision within and beyond their campus.

AIDS AND DENGUE AWARENESS RALLY PROGRAMME

Activity Name	Aids And Dengue Awareness Rally Programme
Date of Activity	05.10.2024
Mode of Conduct	Off Line
Time	09.00 Am – 09.30 Am
Participants	Students - 100
	Faculty - 12
Description	AIDS and Dengue awareness programmes were successfully conducted on 5th October 2024,
	organized collaboratively by the Red Ribbon Club (RRC), EXNORA, NSS, and the faculty
	members of our college. The highlight of the day was a grand awareness rally, which was
	formally inaugurated by our Secretary, Principal, Vice Principal, and faculty members on behalf
	of the National Welfare Project, RRC, and EXNORA, by ceremoniously waving the green flag.
	The rally saw the enthusiastic participation of 100 students and 12 professors.
	The rally commenced at 9:30 a.m. from the college premises. Students carried banners and chanted slogans as they marched through the main roads of Regunathapuram, spreading vital messages to the public.
	The rally focused on raising awareness about AIDS and Dengue—educating the community about their causes, symptoms, and preventive measures. Students displayed posters urging people to avoid water stagnation, properly dispose of coconut shells, old tyres, and other items that could become mosquito breeding grounds. They also promoted awareness on HIV prevention and the importance of early diagnosis and treatment.
	The primary objective of the programme was to educate the public on the dangers of AIDS and Dengue fever, while encouraging the adoption of healthy practices to prevent their spread. The programme successfully created awareness and inspired a sense of social responsibility among both students and the community.

EARTH DAY

Activity Name	Earth Day -Herbal Saplings Plantation
Date of Activity	22.04.2025
Mode of Conduct	Offline
Participants	Students - 6
Description	To commemorate Earth Day on April 22, 2025, Auxilium College of Arts and Science for Women organized a Herbal Saplings Plantation Drive with the aim of promoting environmental awareness and sustainable living practices among students. As part of the celebration, students were encouraged to plant herbal saplings at their homes. This green initiative was designed to instill in young minds a sense of responsibility towards nature and an appreciation for herbal plants and their medicinal value.
	The primary objectives of this activity were: To raise awareness about the importance of environmental protection. To promote the use and preservation of medicinal plants. To encourage students to adopt sustainable gardening practices. To foster long-term habits of environmental stewardship. The central theme of the event focused on motivating students to maintain home gardens and to understand the health and ecological benefits of herbal plants. By planting and nurturing these saplings, students took a small but meaningful step toward building a greener, healthier planet. The activity was well-received and created a ripple effect of environmental consciousness within the college community, reinforcing the values of care for the Earth and respect for nature's healing resources.
