Place : **Auxilium College Campus**

Report:

Every year on **16th September 2021**, The International Day for the preservation of the Ozone layer is celebrated across the globe. On the occasion of this day, We Physics Department celebrated this occasion on our college premises.

We invited our principal to be Chief Guest on this day. From our Department, around 110 students were participated. First of all, the students of our Department delivered a formal address. Then our Chief Guest shared some innovative thoughts on the topic of **“Our Role in Environmental Protection”**. And she briefed the preventive measures to reduce the generation of pollutants by minimizing Ozone Depleting Substances (ODS). We learned interesting and inventive ideas from her speech. That was very useful to identify our part in our environment.

We planned to plant some Ozone Seedlings around the college campus. So we asked our Chief Guest to place the first plant. After that, we put all the saplings around the college campus by our students.

At the end of the session, we thanked our Principal to took part in that session. Finally, the program was concluded with the Vote of Thanks.
