LAUDATO SI DAY-2023

Activity Name	Laudato Si Day
Date of Activity	22.07.2023
Mode of Conduct	Offline
Time	10.00 am – 1.00 pm
Participants	Faculty : 15 Students : 250
Description	<p>"Laudato Si Day" was celebrated on August 22, 2023, organized by Rev. Sr. Malar jyothy, Principal of Auxilium College of Education, along with members of the Ex-nora Club from Auxilium College of Arts and Science for Women. The event took place on the college campus, where our Secretary, Sr. Magnificat, unveiled the seven goals of Laudato Si, emphasizing the day's focus on caring for the Earth. These goals are:</p> <ul style="list-style-type: none">➤ Respond to the Cry of the Earth.➤ Respond to the Cry of the Poor.➤ Promote Ecological Economics.➤ Adopt Sustainable Living.➤ Enhance Ecological Education.➤ Foster Ecological Spirituality.➤ Strengthen Community Resilience and Empowerment. <p>During the first session of the day, Sr. Jyothy detailed these goals, explaining their significance and implications. In the second session, Sr. Selvi provided an insightful discussion on nature-based agriculture and incubation processes. The day concluded with the distribution of various herbal saplings to both students and staff members, reinforcing the day's theme of environmental responsibility and stewardship.</p>

ANNUAL GENERAL BODY MEETING -2023

Activity Name	Annual General Body Meeting (Exnora Club)
Date of Activity	10.08.2023
Mode of Conduct	Offline
Time	2.00 pm – 4.30 pm
Participants	Students : 3 Faculty : 2
Description	<p>The Annual General Body Meeting of the Exnora International was held on August 10, 2023, at Bharath College of Science and Management in the Thanjavur Region. Our college's Exnora Staff Advisor and Student Exnora leaders were invited to participate. Representing the Department of Physics from our college, Ms. P. Punitha, the Exnora staff coordinator, attended along with three students. The meeting was presided over by Mr. P. Mohan, the Founder of Youth Exnora International. He provided a comprehensive overview of Exnora's mission and objectives and laid out the planned activities for the year. This session offered valuable insights into environmental initiatives and community engagement strategies, aligning with Exnora's goals of promoting sustainability and ecological responsibility.</p>

OZONE DAY – 2023

Activity Name	OZONE DAY
Date of Activity	15.09.2023 – 21.09.2023
Mode of Conduct	Offline
Time	9.30 AM – 10 AM
Participants	Students: 150 Faculty: 10
Description	<p>Ozone Day was celebrated at our college from September 15 to 21, 2023, organized by EX-NORA in collaboration with the faculty members of the Department of Physics. The week-long celebration included a variety of events aimed at raising environmental awareness among students. One of the key activities was a rally-themed “Global Warming,” where students actively participated, carrying slogans and displaying pictures emphasizing the message “Go Green, Eradicate Plastic.” This initiative was designed to spread awareness about the dangers of plastic pollution and the importance of sustainable practices. Additionally, students were encouraged to collect plastic bags and bottles to create eco-bricks. These eco-bricks were then utilized in various projects, promoting recycling and the construction of sustainable, low-cost building materials. This series of events not only educated the students about the importance of ozone protection but also engaged them in practical solutions to environmental issues.</p>
